

15 March 1965

Dear Ed:

Write new Contract

STATINTL Our Proposals [redacted] were submitted to you 18 February 1965. As a result of that submission you authorized us to proceed.

Attached you will find price breakdowns on a CPEF basis for these two (2) proposals which reflect the most current and agreed to rates. It was also necessary to resubmit these proposals to include changes which were specifically associated with the three systems, namely:

1. Switch Drivers
2. 2nd Man on Field Test
3. On-site Services

The effort associated with this effort is included in the Cost Estimates attached.

STATINTL The proposal [redacted] associated with the six units has been revised, also, to include the new rates. In addition, the proposal submitted 10 March and two (2) Cost Estimates here attached may be added to the effort. These are clearly marked for your information.

Please advise if there are any questions.

Very truly yours,

[redacted signature box]
